Our Purpose

DuPont is a Science Company

We work collaboratively to find sustainable, innovative, market-driven solutions to solve some of the world's biggest challenges, making lives better, safer, and healthier for people everywhere.

Drive Innovation: DuPont 2020 Sustainability Goals

FOOD SECURITY

Goal: We will develop innovations that will produce more food, enhance nutritional value, improve agriculture sustainability, boost food safety, extend food freshness and reduce food waste

3 MILLION FARMERS

IMPROVE RURAL LIVELIHOODS

Goal: Improve the livelihoods of 3 million farmers and their rural communities

$10 Billion in R&D

INNOVATE TO FEED THE WORLD

Goal: $10 billion in Research & Development investment and 4,000 new products introduced by 2020

2 Million Engagements

ENGAGE AND EDUCATE OUR YOUTH

Goal: Facilitate 2 million engagements with youth around the world in educational opportunities

Climate Smart Agriculture:

- Sustainably increasing agricultural productivity and incomes
- Adapting and building resilience to climate change
- Reducing and/or eliminating GHG emissions

CSA involves making site-specific assessments to identify the best agricultural production technologies and practices for the situation.
